

## Committed to the Future Fairlawn to Begin Full Campus Review and Strategic Planning

Fairlawn Board of Trustees met on Tuesday, May 21, 2019 for their regularly scheduled meeting. The Board reviewed the current financial position of each of the three corporations that make up Fairlawn and directed funding for an independent review of campus buildings and infrastructure, an independent financial and market analysis and development of a business plan to meet the needs of Fairlawn both today and in the future. The study is being done to prepare for the next steps in renovations to the Care Center and exploration of the needs in our region for assisted living and long term care. The Board and Leadership Team are committed to insuring that Fairlawn continues to thrive and be a first choice option for residents in northwest Ohio.

You can help with this effort. As a first step MHS will be helping to develop a short survey for Fairlawn Residents, Supporting Church Representatives, Pastors and Community members in Northwest Ohio. This survey will be available in early July.
